Abel Tiruneh

Hawassa, Ethiopia
+251 967 472 569 abeltiruneh2468@gmail.com linkedin.com/in/abel-tiruneh github.com/AbelXeon portfolio

4th-year Computer Science student and full-stack developer with hands-on experience building web applications using Laravel, React, and Django. Comfortable across the stack, from database design to responsive front-end interfaces.

Education

Infolink University College **Expected 2027**
Bachelor of Science in Computer Science *Hawassa, Ethiopia*

Experience

Leykun Design and Software PLC **July 2026 – September 2026**
Full-Stack Developer Intern *Ethiopia*

- Worked as a Full-Stack Developer, building and maintaining both front-end interfaces and back-end functionality for company projects.
- Collaborated with the development team to implement new features, fix bugs, and improve existing codebases.
- Participated in the full software development lifecycle, from planning and coding to testing and deployment.

Projects

TutorLink | *Laravel, PostgreSQL* **2025**

- Built a monolithic web platform in Laravel connecting verified private tutors with students across Ethiopia for academic and programming support.
- Designed and implemented a PostgreSQL database schema to manage tutor verification, student-tutor matching, and session data.
- Developed core platform features enabling students to search, connect with, and book sessions with tutors.

Aresema Decor | *Website* **2025**

- Developed a multi-page business website for an event decoration company, showcasing services such as event decor, gift shop, car decor, and flower arrangements.
- Built responsive Home, Works, and Contact pages with an image gallery and contact form for customer inquiries.

Wander Lens | *Website* **2025**

- Built a personal portfolio website for a photographer, featuring a photo gallery, about section, and client testimonials.
- Designed a clean, image-focused layout to highlight the photographer's work and personal brand.

Nani | *Website* **2025**

- Developed a web application for a cake business, allowing customers to browse products and place orders online.
- Built a responsive front-end interface to showcase products and streamline the ordering experience.
